Member of the Board of Public Works.

On Tuesday evening, August 26, at 8 o'clock,
the delegates from each Congressional District will
meet and select a Vice-President, an Assistant
Secretary and one member of each of the several
committees.

The convention will meet on Wednesday, August
27, at 10 o'clock a. m.

Attention is directed to the following resolution,
adopted by the State Central Committee, at its
recent session in Columbus, Ohio:

Resolved, That in the call for the State Con-
vention it shall be expressly stated that each coun-
ty will be required, in such manner as the County
Committee may direct, to select the number of
delegates to which such county may be entitled,
and that no man delegation will be admitted to the
State Convention.

The basis of representation will be one delegate
for every 500 voters and one for every fraction of
250 voters and over cast for James E. Campbell
for Governor in 1889, which will give the following:

County.	No. Del.
Defiance.....	6
Fulton.....	6

By order of the Democratic State Central Com-
mittee.

District are requested to assemble in Convention
in the Court House at Defiance on
**Tuesday, September 10, 1890, at 11

for the purpose of nominating a candidate for Con-
gress and to transact such other business as may be
brought before it.

The basis of representation will be one delegate
for every 500 voters and one for every fraction of
250 voters and over cast for James E. Camp-

which entitles the counties composing the district
to the following number of delegates:

Defiance.....	6
Fulton.....	6

Paulding.....	6
Williams.....	6

J. C. BOLLMER, Secretary.
M. DONNELLY, Chairman.

It now looks as though the force bill
will go over, as there are a few honest Rep-
ublican Senators in the present Congress.
Now let the signal rattle and tear its hair
mew.

The California fruit growers expect to
reap a harvest of gold this year in con-
sequence of the almost universal failure of
the fruit crop elsewhere throughout the
country.

Farmers and workmen, do you
know that a very large majority of the for-
eign workmen of this country have come
here from countries that have high protec-
tive tariff?

The Findlay Courier truly says: "In
the consideration of the tariff the question is
not whether the necessities of life are
cheaper to-day than they were forty years
ago, but whether they are not dearer than
they would be if it were not for an unneo-
essary tariff tax."

H. S. Chapin, editor of the Columbus
Post, has contracted for the purchase of the
Wood County Democrat, and unless there is
some slip, will take charge in about four
weeks. The price named in the neighbor-
hood of \$4,200. Henry Holtermann, it is
said, if the change is made, will purchase a
German paper in the west. Success—Wood
Co. Tribune.

Our Candidate for Member Board of Public Works.

Henry county will present the name of
Wm. Samse to the Democratic State Con-
vention as a candidate for Member of the Board
of Public Works. The Northwest endorses
his ability and Democracy very highly,
which is sufficient for his neighbors in De-
fiance.—Defiance Democrat.

The Napoleon Northwest names
William Samse as a very suitable person for
the Democrats to nominate for Member of
the Board of Public Works. He has had
twenty-five years experience on the canals of
the State, a man of excellent judgment and
large business experience.—Bryan Democrat.

William Samse, of Henry county, is a
candidate for the Democratic nomination for
Member of Board of Public Works. He is a
man of considerable practical experience on
the canals and is a staunch Democrat, and
should have the united support of the dele-
gates of the northwest.—Findlay Courier.

Henry county will present the name of
William Samse to the Democratic State
Convention for Member of the Board of
Public Works. Henry has never had a nom-
inee on the State ticket, is one of the reliable
Democratic counties, the location is good,
and William Samse is one of the best Demo-
crats in America. Let us give little Henry a
boost.—Paulding Democrat.

The Ohio boy again gets there. Charles
W. Burdick, who has been nominated for
auditor of State by the Republicans of
Wyoming, is a son of Leander Burdick, of
Toledo, Masonic Grand Master of Ohio.

No sensible man believes for an in-
stant that the Republican Force and Fraud
Election bill was ever intended to preserve
the purity and honesty of the ballot box. The
fact that it provides for an army of 150,000
partisan workers and a corruption fund of
\$10,000,000, precludes any such idea.

Every citizen interested in the good
name of Henry county should contribute
not only his attendance each day, but also
something that will add interest to the ex-
hibits made at the county fair. Each family
can if they look about them make one or more
entries either in live stock, grain, vegetables,
fancy or mechanical work or of the house-
keeper's skill.

Protectionists tell us that the tariff is
a protection to the people in the United
States. Now, will some one please arise and
tell us against what or against whom does
protection protect its beneficiaries? Can it
protect them from anything except the nat-
ural inclination and moral right of a man to
buy the cheapest article which is offered him?
Protection, therefore, as we have it, simply
reaches into the pockets of the American
citizens and takes from it for the benefit of a
few favored persons a greater price for the article,
which the former requires, than it is worth.
When that transfer of one man's money to
another is accomplished by private conspir-
acy or force, it is well known as pure robbery.
When it is accomplished by a perversion of a
power of government, given for a totally
different purpose, is it any the less robbery?

For Congress.
The name of Hon. Dennis D. Donovan,
our present able Legislative Representative,
will be presented to the Defiance Convention
as a candidate for members of Congress from
the Sixth District.
Mr. Donovan was born and raised in Hen-
ry county, and his character and integrity is
above reproach. He is a Democrat from
principle, and very properly recognized as
the staunchest party man on the dominant
side of the last House of Representatives at
Columbus. Republicans conceded this; his
Democratic colleagues recognized it; his
fealty to party was proverbial.
That Henry county is entitled to the position
goes without saying, and should the
honor fall upon the shoulders of Hon. D. D.
Donovan, the Democrats of the Sixth Dis-
trict may rest assured that he will be elected,
beating by a large majority farmer-on-paper-
only Brigham or any other Republican who
may be his opponent. And should it be so
that the honor is given to one of the other
counties or aspirants, the Democracy of the
6th district may rest assured that "Little"
(Big) Henry will do its full share towards an
election.

Meeting of the County Central Com-
mittee on Saturday.
Pursuant to call the county Democratic
Central Committee met at the Probate Court
room on Saturday last. The roll call showed
the following members present: J. A. Blake-
ley, John Bollmer, M. J. Kestner, L. Bookel-
man, H. Benien, Fred Hefflinger, Nic. Lauben-
thal, C. Groll, J. N. Oden, C. Dittmer, J. S.
Mohler, and L. L. Orwig.

On motion it was moved that the com-
mittee select six delegates and six alternates to
the State Convention. By resolution it was
conceded that Napoleon township have two
delegates and two alternates. The following
delegates were selected from the country:
Wm. Stoner, Damascus township; J. N.
Bliss, Harrison; W. E. Decker, Pleasant; and
Dow Bretz, Richfield.

Alternates—J. C. Jones, Washington; J. W.
Long, Flatrock; John Sturm, Bartlow; and
D. W. Spangler, Freedom.

Napoleon township selected no delegates or
alternates, preferring to attend the conven-
tion en masse. But of course the tp. is only
entitled to two votes in the said conven-
tion.

On motion the delegates present at Spring-
field were empowered to cast the vote of
Henry county in the State convention.

On motion, it was resolved that each town-
ship select its own delegates to Congressional
Convention, and that delegates be selected
on same day as set for county delegates.

The day for holding the county convention
was set for September 20th, and the town-
ship caucuses on Saturday, Sept. 6th.

The basis of representation was fixed at one
delegate for every 10 votes cast for Gov.
Campbell last fall, and one delegate at large
for each voting precinct.

There being no further business before the
committee it stood adjourned.

Real Estate Values.

A decennial appraisal of land values has
been made by Ohio State officers, and,
without exception, we are told, a remarkable
decrease in the value of farm lands is shown.
The gains in wealth and population since 1880
have been made almost exclusively in the
cities. Wayne county, for example, which is
one of the best agricultural counties in the
State, located close by Cleveland and other
large towns, and possessing almost unlim-
ited facilities of railway transportation, shows
a decline in farm land values from \$16,429,
000 in 1880 to \$14,000,000 in 1890. The decline
in the market value of these lands has been
from \$12 to \$20 an acre. Apparently the
tariff on wool has not brought great pros-
perity to the Ohio farmer, whom it was de-
signed in particular to protect. The census
is revealing a similar condition of affairs all
over the country. Maine will probably show
a loss of population through the desertion
of agricultural towns—involving a loss so great
that the gains of the cities cannot make it
good. One of the very best farming coun-
ties of Indiana was recently noted as having
lost in population during the past decade,
and a number of Illinois agricultural coun-
ties have been instances as suffering in the
same way. It is small wonder that the farm-
ers are going into politics.

Farmers of Ohio!

When Republican speakers shall come
among you this fall, and shall tell you that
the McKinley tariff bill was devised to better
your condition, you should reply:
"There is not a section or a line in the en-
tire bill that will open a market for another
bushel of wheat or another barrel of pork."
And if they want to know your authority
for that statement you can tell them it is
James G. Blaine, the chief apostle of protec-
tion, and the Secretary of State of Harrison's
administration.

His Salary Refused.

COLUMBUS, Aug. 16.—The Auditor of
state has raised the question of the
eligibility of Prof. Knott to discharge
the duties of Superintendent of the In-
stitute for the Deaf and Dumb, by re-
fusing to issue a warrant for the Super-
intendent's salary on a voucher issued
to him to day. Prof. Knott succeeded
Mr. Pratt as Superintendent August 1,
and to-day, when the pay roll was pre-
sented at the Auditor of State's office,
Prof. Knott's half month's salary was
not allowed; on the ground that he was
ineligible to hold the office. The law,
it appears, required the superintendent to
be proficient in the deaf mute lan-
guage, and also provides that he shall
have authority to solemnize marriages
according to law. As Prof. Knott pos-
sesses neither of these qualifications
the state auditor holds that he is in-
eligible to act as superintendent, and,
therefore, refuses to pay him for his
services. The matter has been referred
to Attorney General Watson.

Heretofore the Hendricks Club, of
Indianapolis, has held commemorative
exercises at the grave of the deceased
Vice President on the anniversary of
his death, but a conference has been
held between officers of the club and
the managers of the Democratic party,
and an important change has resulted.
It has been determined to commemorate
Hendrick's birth instead of his
death, and to make the exercises each
year coincide with the formal opening
of the campaign. Hendricks was born
on the 7th of September, and this will
hereafter be the day for opening of the

SCROFULA

Is that impurity of the blood which produces
unsightly lumps or swellings in the neck;
which causes running sores on the arms,
legs, or feet; which develops ulcers in the
ears, or nose, often causing blindness or
deafness; which is the origin of pimples, can-
cerous growths, or "humors;" which, fasten-
ing upon the lungs, causes consumption and
death. It is the most ancient of all diseases,
and very few persons are entirely free from it.
